

Division of Information Resource Management

Project Identification Code: DIRM-24

Project Leader: Sarah Brooks

For Period 08/02/04 through 08/06/04

PROJECT DESCRIPTION:

The Scope of this project is to develop a detailed set of business/functional requirements for the Division of Public Health (DPH); the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS); and the Office of Research, Demonstration, and Rural Health Development (ORDRHD). These requirements can be subsequently used as the basis for implementing a new, fully automated health information system(s) (HIS) to accommodate DPH, DMH/DD/SAS, and ORDRHD business needs. The deliverables produced under this Scope Statement are the early steps in the lifecycle development of a new HIS. DHHS will determine an implementation strategy and schedule after the requirements are fully defined. Implementation could occur in phases and could result in multiple integrated systems rather than one large system.

PROJECT STATUS:

The state project team has completed review of the Combined Requirements Document. As of 7/30/2004, all comments on this version have been provided to PCG. The project timeline is being modified to allow for another round of document review with comments to be incorporated into a Final deliverable by PCG. PCG submitted a project scope change document to DIRM detailing these changes to the schedule. As per the revised timeline, PCG will deliver the final document in separate sections to the State by 8am on Monday August 8.
